

PROGRAMME

2030 IN SIGHT LIVE - SINGAPORE

DAY 1 - 25th June, Sunday

PLENARY SESSIONS / LIGHTENING TALKS:

OPENING AND HIGH-LEVEL SEGMENT

2030 IN SIGHT IN ACTION: A reflection on the lessons learnt in implementing 2030 In Sight at a global, regional, and national level.

2030 IN SIGHT - A FAST-CHANGING WORLD: An exploration of the emerging trends, risks, and opportunities and what this means for the world and global eye health.

MORNING

ELEVATE: Halfway to the Sustainable Development Goals (SDGs) – Accelerating Action on Eye Health and Development

As we approach the halfway point to the SDGs, this session will consider the transformative actions and accelerators needed in eye health to advance progress on the 2030 Sustainable Agenda.

ACTIVATE: Building a Global Movement – Love Your Eyes

This session highlights the importance of individual voices to create a global movement for eye health and will explore the key opportunities for action and interactive engagement as part of the global campaign, Love Your Eyes.

AFTERNOON

INTEGRATE: From Crisis to Action

With the world witnessing an alarming increase in conflicts and humanitarian emergencies, climate-induced disasters, and global pandemics, this session will reflect on the role of eye health in times of crisis and discuss the strategies and solutions needed to address and advocate for eye health in challenging environments.

ELEVATE: Reimagining Financing for Eye Health

This session will consider what is needed to build a compelling economic case for eye health investment and how to expand the fiscal space for eye health through innovation, partnerships, and alignment with sustainable development.

CROSS-CUTTING SESSION: Advancing Multi-Stakeholder Partnerships to Drive Implementation of 2030 In Sight

This session considers what is needed to catalyse and maintain high impact multi-sector partnerships, particularly at a national and local level.

CLOSING SEGMENT – Keynote, Takeaways and Next Steps

PROGRAMME

2030 IN SIGHT LIVE - SINGAPORE

DAY 2 - 26th June, Monday

PLENARY SESSIONS / LIGHTENING TALKS:

WORLD HEALTH ORGANIZATION SESSION: Unpacking SPECS.

INTERNATIONAL LABOUR ORGANIZATION SESSION: Unpacking the new Eye Health and the World of Work Brief.

MORNING

ELEVATE: 2030 Global Targets for Eye Health

This session will consider the role of the global eye care sector in the achievement of the WHO 2030 Global Targets on Eye Care and holding governments to account.

INTEGRATE: Technology for Access - Bringing Scale, Innovation and Digital Transformation to Eye Health

This session will showcase and discuss promising innovative solutions, enabling policies and practices which can help unlock the power of technology for global access to eye health.

AFTERNOON

ELEVATE: Advancing Gender Equity and Girl's and Women's Empowerment in and through Eye Health

This session will review global progress, confront challenges, and share best practices, both within organisations and across eye health initiatives and programmes, to inspire greater leadership, accountability, and action on gender equity in eye health

INTEGRATE: Transforming Commitments into Real Actions - Experiences from the Regions in Implementing Integrated People-Centred Eye Care (IPEC)

This session will share the key learnings, challenges, and opportunities in implementing IPEC at a regional, national, and local level, highlighting the role of the eye care sector, and the levers needed to ensure government accountability.

ACTIVATE: Business in Action: How Private Sector Collaboration is Driving Change

This session will bring together senior corporate representatives to consider the role of private sector in scaling solutions and driving impact and how the private sector can support governments, civil society, and others to deliver 2030 In Sight.

CROSS-CUTTING SESSION: Bringing Accountability to 2030 In Sight

This session explores why we need to and how we can demonstrate collective impact and track progress on 2030 In Sight.

CLOSING SEGMENT – Keynote, Takeaways and Next Steps

PROGRAMME
