

PROGRAMME

2030 IN SIGHT LIVE

Sessions will feature presentations by speakers from around the world, as well as activities and discussions for delegates to share their experiences. Sessions will be split between the main auditorium and break-out rooms. Sessions in the main auditorium will be live-streamed.

DAY ONE – 25 JUNE, SUNDAY

09:00 – 10:30

A FAST-CHANGING WORLD: 2030 IN SIGHT IN ACTION

We open with a celebration of the achievements of 2030 In Sight Strategy, set against the challenges of global political and economic stability, and evolving technological opportunities.

Delegates will connect with their achievements, and those of the sector as a whole, and reflect on what is needed next to achieve our 2030 ambitions.

SPEAKERS: Caroline Casey, Peter Holland, Aubrey Webson, Amanda Davis, Daniel Ting, Jodhbir Mehta

ROOM: Auditorium

11:30 – 12:30

2030 GLOBAL TARGETS

We have critical gaps, in quantity and quality, in reaching the targets set by the World Health Assembly. What are our individual and collective roles in addressing this challenge?

Delegates will begin to form sector strategies to address quality and quantity gaps and discuss methods to catalyse collective advocacy and data collection for the targets.

SPEAKERS: Stuart Keel, Jacqueline Ramke, Babar Qureshi, Geoffrey Wabulembo, Anthea Burnett

ROOM: Auditorium

EXPERIENCES FROM THE REGIONS IN IMPLEMENTING IPEC

Our implementation experts from around the globe will present snapshots of the successes and challenges of IPEC delivery as part of 2030 In Sight.

Delegates will share their learnings, challenges, and opportunities in implementing IPEC at regional, national, and local levels, and discuss strategies for success.

SPEAKERS: Jambi Garap, Dianne Rogers, Governor Helen Tan, Chimgee Chuluunkhuu, Sabitra Kundu, Mohammad Aziz Salowi, Alejandro Panotto, Fantahun Sidelil Sisay

ROOM: Room One

SYSTEMS LEADERSHIP - TAKE ACTION SESSION

An introduction to systems leadership, featuring lessons learned from systems change initiatives in Bangladesh and Kenya.

SPEAKERS: Jennifer Gersbeck

ROOM: Room Two

14:00 – 15:00

BUSINESS IN ACTION

Sustainable service delivery business models are key for providing equitable and affordable access to eye care solutions. This session will particularly explore the design and implementation of business models by private sector, social enterprise, and non-governmental organisation to offer affordable eye care services and glasses within a market-based system. We discuss the drivers and partnerships needed to unlock this potential.

Delegates will develop ideas and solutions for involving businesses in advocating for eye health, considering challenges of market environments and sustainability goals.

SPEAKERS: K-T Overbey, Ryan Toews, Reade Fahs, Prashant Garg

ROOM: Auditorium

LEADERSHIP LESSONS TO CATALYSE CHANGE

Positive change comes from leadership within the sector, as well as from the initiatives we design. We discuss five leadership lessons to address the gender gap.

Delegates will reflect on the state of gender equity in eye health, understand reasons why parity in leadership can support not only more inclusive leadership, but also often financial gains and consider collectively steps and strategies to catalyse change.

SPEAKERS: Jennifer Gersbeck, Aubrey Webson, Sumrana Yasmin, Louisa Syrett, Amanda Huang, Lara Partridge, Khaleda Islam

ROOM: Room One

ADVOCACY BEYOND THE NORM: ADVOCATING FOR EYE HEALTH AS A BROAD DEVELOPMENT ISSUE - TAKE ACTION SESSION

It is challenging enough to advocate for eye health within our own sector and among those familiar with our issues, let alone trying to convince other sectors of the importance of eye health. This workshop provides practical examples and a space to share ideas on how to advocate for eye health in sectors beyond the norm, and the benefits of investing in this kind of advocacy.

SPEAKERS: Brandon Ah Tong, Fiona Lawless, Joerg Jenewein

ROOM: Room Two

15:30 - 16:30

HALFWAY TO THE SDGs

What should our policy focus be to ensure the inclusion of eye-health in the future Sustainable Development Goals (SDGs) agenda, and how might we best collaborate across sectors to achieve that?

Delegates will discuss effective tactics and strategies for embedding eye health in the global development agenda, including how local, national, and regional actions can contribute.

SPEAKERS: Aubrey Webson, K-T Overbey, Fariza Ngah, GVS Murthy

ROOM: Auditorium

THE CASE FOR FINANCING FOR EYE HEALTH

To bring together the latest evidence and look at what is needed to make collective advocacy and campaign asks, messages and what is needed to further the evidence in this area.

SPEAKERS: Patricia Marques, Iris Van den Brande, Jack Hennesy, Alex Geers, Graeme McKenzie, Brad Wong (pre recorded)

ROOM: Room One

09:00 – 10:30

A FAST-CHANGING WORLD: EYE HEALTH & THE WORLD OF WORK

As we consider the evolving global landscape, we explore how we can work differently and effectively to address health issues as they relate to multiple SDGs. The discussion further explores this relationship in the context of eye health in workplaces.

Delegates will learn from public health and business leaders sharing examples, opportunities, and lessons from initiatives addressing eye health in the workplace.

SPEAKERS: Jemilah Mahmood, Karlyn Tan, Anshu Taneja, Sammie Ho Dumas, Caroline Casey, Hsien-Hsien Lei, Joaquim Nunes (pre recorded)

ROOM: Auditorium

11:30 – 12:30

LOVE YOUR EYES: BUILDING A GLOBAL MOVEMENT

Campaigning inspires individuals to ignite change. We will profile how the Love Your Eyes campaign has grown, and where we will take it next.

Delegates will learn how to get involved in Love Your Eyes 2023 and be encouraged to pick up the mantel and create their own campaign.

SPEAKERS: Busisiwe Mzyece, Caroline Casey, James Chen, Jeff Todd, Sarah Khor

ROOM: Auditorium

REIMAGINING EYE HEALTH FINANCING

What are the financing mechanisms available for eye health initiatives, and how do we work together to catalyse funding?

Delegates will develop their understanding of how to access established and innovative funding models and strategies to bring varied sources of money into the eye health Sector.

SPEAKERS: Adam Askew, Sikai Chen, Maggie Savage, Riad Ragueb Ahmed

ROOM: Room One

14:00 – 15:00

WHO EXPLAINS THE SPECS INITIATIVE

SPECS aims to support the scale up of spectacle coverage on a country level. In this consultation session, learn about WHO's goals and next steps for SPECS.

Delegates will gain a clear understanding of SPECS, as well as the chance to provide their feedback and ideas on the initiative.

SPEAKERS: Stuart Keel, Alarcos Cieza, Kovin Naidoo, Sumrana Yasmin, Scott Mundle

ROOM: Auditorium

ADVANCING MULTI-SECTOR PARTNERSHIPS

Success by 2030 will only be achieved through working across multiple sectors, but a shared understanding and clear communication is essential to the success of such collaboration.

Delegates will develop a shared definition of multi-sector partnerships and share lessons from and inspirations for forging their own cooperative initiatives.

SPEAKERS: Amanda Davis, Covadonga Bascaran, Khaleda Islam, Heather Machin, Do Seiha, Beattie Varga, James Kombura

ROOM: Room One

CLIMATE ACTION - TAKE ACTION SESSION

The climate change movement has drawn on systems change approach for many years. In this workshop, we will draw on the lessons from the climate change movement to consider how that can inform our efforts as a sector to minimise our impact on the environment and discuss how our work can adapt to the negative effects of climate change.

SPEAKERS: Mitasha Yu, Andy-Cassels Brown, R Venkatesh (pre-recorded)

ROOM: Room Two

15:30 - 16:30

FROM CRISIS TO ACTION

How do we deliver people centred care in crisis situations? In what ways can the eye health sector proactively work together when responding to global emergencies?

Delegates will reflect on the role of eye health in times of crisis and discuss the strategies and solutions needed to address and advocate for eye health in challenging environments.

SPEAKERS: Mitasha Yu, Tricia Keys, Jerry Vincent, Sangchul Yoon

ROOM: Auditorium

TECHNOLOGY FOR ACCESS: BRINGING SCALE, INNOVATION & DIGITAL TRANSFORMATION TO EYE HEALTH

Technology is changing and shaping our ability to scale up people-centred eye-health services. This session discusses how advances in areas such as data and AI might be harnessed.

Delegates will explore different technologies and the impact they can have to scale up or transform eye care. There is an opportunity to join the IAPB technology interest group.

SPEAKERS: Marcus Ang, Raghu Gullapalli, Joyce Koech, Suzanne Gilbert

ROOM: Room One

CAMPAIGNS - TAKE ACTION SESSION

We map how creative campaigns can be a key tool for systems leaders, as they ignite interest, galvanise action, and can foster unusual collaborations.

SPEAKERS: Adam Askew, Jennifer Chen

ROOM: Room Two

CONNECTION

The programme features dedicated time given over to connecting and networking with other delegates and making the most of this annual opportunity to meet colleagues from different organisations and sectors.

2030 IN SIGHT LIVE will always be a forum for making connections, bringing together colleagues from across the eye health sector, and providing an inclusive platform for thought leadership.

We encourage delegates to build and develop connections throughout the conference. However, there are a range of dedicated opportunities within the programme to do so, taking advantages of these times to reach out to new and different contacts.

WELCOME TO IAPB

On the first morning of the event from 07:45am there is the opportunity for new members and non-members to come together and hear from IAPB CEO, Peter Holland, and learn more about IAPB, member benefits, and how you can get actively involved in our work. There will be the opportunity to ask questions to the IAPB team and network with delegates before the official 2030 IN SIGHT LIVE programme begins.

EVENING DRINKS RECEPTION – 25 JUNE

Relax and unwind with other delegates at the drink's reception hosted at SERI. Where you can informally discuss the day's events, network and get excited for day two of 2030 IN SIGHT LIVE.

NETWORKING AND REFRESHMENTS

On both conference days you will have many opportunities to networking with new colleagues, old friends and share your experience of the eye health sector with your peers. The networking time is conveniently placed before the breaks, so all delegates have ample opportunities to connect with colleagues outside of sessions.

CLOSING KEY NOTES & AGM

The closing remarks for each day will summarise the key take away points from the discussions, workshops, and networking sessions. We hope these sessions will inspire you to connect with other colleagues to take action and help us to implement the 2030 In Sight Strategy. At the end of day one, IAPB members will also have the opportunity to vote in IAPBs annual general meeting before heading onto the drinks reception to continue to share ideas that will make a difference to eye health around the world.
