

Clear Vision Trek - Himalayas

Rupin Pass, Himachal Pradesh, India

October 9 to 18, 2025 (10 days total with 7 days of trekking)

Celebrating 20 Years of VisionSpring's Mission in India

Introduction

Embark on a transformational journey where adventure meets purpose. The Rupin Pass Trek isn't just about breathtaking landscapes, it's an opportunity to transform the lives of underprivileged and underserved communities through vision screenings, eyeglasses, and eye care referrals. We will pass through lush green valleys and hike snow-capped mountains in our endeavour to take the gift of clear vision to some of the remotest villages in the world.

The trek will also give us an opportunity to collaborate with government and private sector partners to raise awareness about the need for eye care among 8 million people in the Indian state of Himachal Pradesh. This will serve as a vital step towards reaching the 550 million people across India who lack the glasses they need to thrive.

Join us for the full route:

10 days total (ex-Delhi) with 7 days of trekking - from October 9 to 18, 2025.

Or choose options with lesser days:

- a) The base village of the trek (Jiskun - no trek option) - 4 days total (ex-Delhi).
- b) The first village on the trek (Jakha - 1 day trek from Jiskun) - 6 days total (ex-Delhi).
- c) The mid-point of the trek (Lower Waterfall - 4 day trek from Jiskun) - 8 days total (ex-Delhi).

You can also be part of this journey by spreading awareness, sponsoring vision screenings and eyeglasses, donating, and making in-kind contributions.

Elevate your journey. Expand your vision. Come join the trip of a lifetime!

Clear Vision Trek: Each step forward helps people see well and do well.

Community Empowerment

Empower remote communities by help increasing their productivity and enhance their quality of life.

Personal Fulfillment

Associate with a great cause and experience personal fulfillment and inner awakening.

Thrilling Adventure

Challenge your physical and mental limits and step into the wild, where every trail tells a story.

Highlights

- △ Traverse scenic landscapes with cascading waterfalls, lush meadows, and colourful autumn views.
- △ Experience local culture in remote villages perched on dramatic cliffs.
- △ Climb high-altitude passes with breathtaking panoramas of the Himalayas of the Kinnaur region.
- △ Engage in vision screenings and interactive awareness sessions with remote local communities and provide eyeglasses on-the-spot.

Impact of Eyeglasses

See to Earn: Clear vision empowers individuals to work more productively, thus enhancing income earning potential.

See to be Safe: Clear vision reduces road crashes, thus making our roads safer.

See to Learn: Children with clear vision perform better academically, thus opening doors to a brighter future.

Enhanced Quality of Life: Clear vision enables individuals to lead more independent and fulfilling lives, thus enhancing the quality and dignity of their lives.
