Political Impact

Letter from the President of South Africa,
HE Mr. Thabo Mbeki:
No 39, 5-11 October 2007

“We must also make special mention of the excellent role played by Tunisian doctors in helping us to respond to the challenge of blindness in the spirit of African solidarity and the New Partnership for Africa’s Development (NEPAD)...

Our government is engaged in discussions with the Government of Tunisia further to expand our cooperation to speed up the implementation of our National Cataract Surgery Project.”
